Townsend has sold out the good will of his Sarsaparilla business, including machinery and raw material on hand, for the large sum of \$100,000 .-This is an illustration of the advantages and benefits of advertising. The purchasers are Messrs. Nostrand & Buch, both wealthy and well known individuals. They have, we understand, employed the celebrated Chemist, Dr. James R. Chilton, who will hereafter have the compounding department under his own immediate supervision. They are men of enterprise, and will, no doubt, sustain the character of this celebrated medicine, which has the reputation of being the best preparation of Sarsaparilla made in the United States. The new proprietors, we understand, warrant their article to stand in all climates any length of time, which we have no doubt of, when manufactured by so practical a chemist as Professor Chilton, who is well known to be one of the first

chemists in this country. The public are hereby notified that the preparation extensively known as Dr. S. P. Townsend's Compound Extract OF SARSAPARILLA, is now manufactured under my direction and supervision, from the ORIGINAL DECIPE obtained from Dr. S. P. Townsend, and I certify that it is composed of ingredients purely vegetable, and without Mercury—and also that the ingredients are judiciously compounded, so as to obtain from them their greatest medicinal effects.

JAMES R. CHILTON, Chemist. New York, February, 1850. The undersigned, wholesale Druggists in the city of New York, have sold Dr. S. P. Townsend's Compound Extract of Sarsaparilla for several years, and consider it the Original and Genuine Dr. Townsend's Sarsaparilla, and that it was the first introduced to public notoricty under that name.
